

III. REMARKS

Pursuant to current amendment practice, the requested amendments to the drawings are made by presenting replacement figures and sheets which incorporate the desired changes.

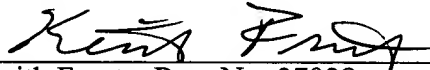

The requested amendment is necessary for presentation of formal drawings as replacement of the current drawings which were inadvertently not identified as informal drawings upon their submission, and does not require a substantial amount of additional work on the part of the Office.

The five replacement sheets replace the seven sheets of the drawings currently pending in the application, and present replacement Figures 1-13 for all currently pending Figures 1-13.

There are no changes to the figures except for formalizing the format of the drawings.

Applicant respectfully requests favorable consideration, and recommendation for entry of this Amendment.

Respectfully submitted,
